

The Dean of the Faculty of the Environment is calling for applications for the position of a

## **Post-doctorant**

- the position should be taken on as a full-time job for at least 3 years, with the expected start in June 2012 or as will be agreed.

### **The position description:**

The post-doctorant will take on the position of a lecturer at the Department of Technical Sciences and he or she will work on basic and applied research projects in the area of environmental chemistry, environmental technologies and new materials for environmental protection (or in other related areas), he or she will contribute to designing and managing research projects and tutoring (mainly doctorate) students. He or she will also teach related subjects at the Faculty of the Environment in the extent of 3-5 hours per week.

### **Requirements for applicants:**

- An MSc degree - major in a subject related to the areas mentioned above, a PhD degree from a Czech or a foreign university (graduation after the 1<sup>st</sup> of April 2008)
- Efficient knowledge of Czech or English language (CEA or equivalent)
- Ability to carry out research activities, confirmed by relevant scientific publications and other research achievements

Application deadline is the 15<sup>th</sup> of April, 2012; please send the application forms to:

Fakulta životního prostředí  
sekretariát děkana  
Univerzita Jana Evangelisty Purkyně  
Králova výšina 7  
400 96 Ústí nad Labem

The application forms should include:

- a verified copy of a PhD degree diploma
- a Czech or English language certificate (only non-Czech/non-Slovak students)
- curriculum vitae
- a list of scientific publications and other scientific and research achievements

During the selection process the applicants will be interviewed so that the committee appointed to the selection process can evaluate their previous research activities and their supposed post-doctorate thesis.
